Evening: A Cabaret

Morning's full of innocence. Afternoon is where the work gets done. But when you drift into evening, all bets are off. This year, the Duskbuskers present a new collection of songs about the deep, sweet, hypnotic rush of the night.

Ever feel an urge to howl at the moon? Wondered what it's like to live your entire life in the dark? Felt the warm pavement under your bare feet on an early autumn night? For **Casey Bennetto** (*KEATING!*, *A Largely Fanciful History Of The Spiegeltent*), **Iain Grandage** (*Cloudstreet*, *Vamp*), **Aurora Kurth** (*Take The L Out Of Lover*) and friends, these are moments worth celebrating. Join them for a dark brace of nocturnes dealing with everything from the intoxication of the stars to the simple delights of a comfortable couch and a DVD box set.

Evening: the natural home of enchantment and romance. Evening: the city shuffles into shadow, its edges sharpened and its claws out. Evening: the end of one story, the beginning of a hundred others. Come nuzzle up to the Duskbuskers as they crawl a little closer to the fire.
