The Post Apocalyptic Users' Guide

In 7.6 billion years the sun will engulf the earth. It pays to be prepared.

Xavier Michelides from *What To Do When The Zombies Attack* (MICF 2007) and *Alien Sex Party* (MICF 2008) brings startling dystopic visions to life in his ominously funny new show.

FACT! In human history the majority of scientific advancements happened during times of war, so if an Alien civilisation visits us from a distant galaxy, it just means they've had more wars than us.

The Post Apocalyptic Users' Guide will teach you everything needed to survive any end-world scenario, because when food is scarce 3 out of 5 people admit they would convert to cannibalism. FACT!

"... He commanded the stage with total confidence and kept us entertained with his words alone...He made it look so effortless." The Groggy Squirrel

"...Michelides is confident, brash and intelligent, with undeniable charisma and skilful delivery." The Age
